AUTHORITY PLATFORM

Four decades of surgery, research and invention, brought together in one record under your own name.

01 — WHY NOW

A remarkable record, spread across many places.

Dear Professor Habib, thank you for taking the time to look at the preview. Few surgeons can show a record like yours: living-related liver transplantation in Africa in 1993, radiofrequency liver resection published in 2002, the Habib 4X and EndoHPB instruments that went on to AngioDynamics and Boston Scientific, and first-in-human research from adenovirus gene therapy to small activating RNA. Alongside it, 430 journal articles and companies from EMcision to MiNA Therapeutics.

Today, that record is spread across many places, each written for a different reader: Imperial's profile for academics, the NHS directory for patients, company pages for investors and PubMed for the papers. Some dates don't match from one source to the next. When a congress organiser, a journalist or a future partner looks you up, that is often the first impression.

What we're proposing is our Authority Platform: a complete, done-for-you website on your own domain, built on the preview you've already seen. Nothing in it is fixed. We adjust the photographs, the texts and the narrative angle with you, until it presents your career the way you feel most comfortable with and the way that is most useful to you.

02 — WHAT IT OPENS

What one authoritative record makes possible.

It is built for the people who already look for your work, and need to understand it quickly.

CONGRESSES & UNIVERSITIES

Invitations

Organisers weighing a keynote, a named lecture or a visiting professorship see your firsts, lectures and honours in minutes, each linked to its source.

CO-FOUNDERS, LICENSEES & INVESTORS

New ventures

How the surgery, the instruments and the companies connect, from EMcision to MiNA, in one place a future partner can read in two minutes.

JOURNALISTS & EDITORS

Accurate coverage

Dates, firsts, appointments and honours in one consistent record, so whatever is written about you starts from the right facts.

CLINICIANS & SCIENTISTS

Research partnerships

Colleagues looking to collaborate find your publications, trials and affiliations together, current and complete.

And one version of your biography, approved by you, to send whenever someone asks for it.

03 — WHAT'S INCLUDED

Our team takes care of the entire process.

01 **Research**

Organising four decades of surgery, research, instruments and companies, and 430 journal articles, into one clear, sourced record.

02 **Narrative & angle**

We adjust the texts and the narrative angle to where you feel most comfortable and where it is most strategic for you.

03 **Content**

Writing every section, from appointments and chronology to research, instruments, honours and publications, with each date confirmed by you.

04 **Images**

Creation of all the images for the site. The portrait in the preview is provisional: we can work from your own photographs and adjust every image until it feels right to you.

05 **Design & development**

All the design, fully developed on desktop and mobile, in the register of an academic record.

06 **Live on your domain**

The whole site working on your own domain, with hosting for the first year.

Our goal is for you to walk away with a site worthy of the career behind it, and a single place to send anyone who asks what you have done, from a congress organiser to a future co-founder.

04 — INVESTMENT

One complete investment.

USD 3,000

COMPLETE INVESTMENT

- All the design, writing and development of the website
- Creation of all the images
- Your own domain and hosting for the first year

IN TWO PAYMENTS

01	To get started	USD 1,500
02	Once everything is completed and ready to launch	USD 1,500

NO MANDATORY MONTHLY SUBSCRIPTION · DOMAIN AND FIRST YEAR OF HOSTING INCLUDED

STEP 01

A few questions

A short set of questions by email: the dates and details to confirm, the photographs you prefer and what you would most like the site to lead to.

STEP 02

Refined together

We adjust the photos, the texts and the narrative angle with you, in a couple of rounds.

STEP 03

Live and yours

Your site goes live under your own domain, ready to share with organisers, partners and the press.

We'd be delighted to bring this to life with you, Professor Habib. To get started, simply reply to our message.

Warm regards,
Pablo Merchán
